

Attachment 1

Inspector General's Recommendation Number 1, page 24

Recommended DCI Action: Approve

Inspector General's Statement

Recommended that:

The Directors of Personnel and Training together with representatives from operating components take a fresh look at the over-all problem of clerical usage and make recommendations for a more effective system. This should be followed by an OTR reassessment of the clerical training program.

DD/P Comment

✓ Concur. The various problems regarding recruitment, training and attrition of clerical personnel specified by the Inspector General suggest that some further investigation is warranted. We would be glad to have the Clandestine Services represented in any investigation that the Directors of Personnel and Training initiate.
